## DETAILED ACTION

### REMARKS

Claims 13-18 and 23 remain pending. Applicant amended claims 13 and 14.

The amended Specification has been acknowledged and accepted.

Consequently, the objection to the Specification has been withdrawn.

### ***Allowable Subject Matter***

Claims **13-18 and 23** are allowed.

The following is an examiner's statement of reasons for allowance:

Test units comprising a cartridge, a testing means and a sample chamber disposed within a housing are well known in the art. Smith et al. (US 4,534,939) disclose such a test unit. However, prior art does not disclose a test unit comprising the claimed sample-taking means. Prior art does not disclose a sample-taking means comprising two half-tubes capable of pivoting between two positions disposed within a housing. This feature of the claimed invention is patentably distinct because it facilitates sample collection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul S. Hyun whose telephone number is (571)-272-8559. The examiner can normally be reached on Monday-Friday 8AM-4:30PM.
